MORRISTOWN HIGH SCHOOL

MORRISTOWN, NEW JERSEY

# Dedication

Mr. Eugene Smith

The expression of emotions on paper is rather useless, for one can never indicate his true feelings in such a way. Nevertheless, at this time, we, the Class of 1958, must attempt to convey our gratitude in mere words to a man whom we greatly admire.

One of the most congenial of our faculty members, "Cap" Smith, has made our stay at Morristown High School an unforgettable experience. Under his expert guidance, our basketball team this year had an undefeated season. His devotion to our school's athletic program will always be remembered.

But more than giving us spectacular plays and winning games, "Cap" has been an inspiration to many of us in giving us part of his wonderful spirit of sportsmanship and cooperation. So, in leaving M.H.S., we can only say, "Thank you, 'Cap,' for everything."

# Class Advisor

Mr. William Flynn

The Class of 1958 would like to express its appreciation to Mr. William Flynn for his untiring efforts as Senior Class advisor and homeroom teacher. In the capacity of football and baseball coach, he has seen his teams through many challenging and victorious seasons. The memory of his fa-

miliar red-hooded jacket will serve to remind us of the pride we have experienced in him and his teams. As committee chairman for the Junior and the Senior Proms, he has helped to make these functions outstanding successes. Our thanks go especially to "Coach" for the guidance and time he has given during our Senior Year.

# *History of the Class of 1958*

Autumn 1954—The end of summer's sun soaked freedom and the beginning of a new adventure. Confettied month, besprinkled with new-found friends, football games and the timorous explorations of freshmen. Our class picked up the well worn threads of the established pattern and elected class officers, headed by Lewis Jaffe and abetted by Mrs. Marian Robinson, class advisor. In spite of the need to adjust to more concentrated study than we had ever known, we found time for many extra-curricular projects, including the traditional and very successful informal dance held in January.

Another autumn—the "infants" of last year returned more purposeful, more self-assured, anticipating the year's events with eagerness. Mr. Saul Swanger became class adviser, with Lewis Jaffe filling his second presidential term. Highlighting the year was the sophomore dance—Parisian in flavor and tres charmante.

The year is 1956—We have returned to our now familiar habitat to take our place as juniors. There is much to be accomplished and more responsibilities to meet. President of the class this year is David Rothschild, and Mr. LaBove takes on advisory duties. The pace has quickened and the succession of events is swift. The Broadcaster is relinquished into the capable hands of Lisa Robinson and Charles Giersch who have also been elected

to the Quill and Scroll Honor Society for meritorious high school journalism.

As official recognition of our exalted status as upper classmen, we ordered our class rings and flaunted them vaingloriously when they finally arrived.

The great adventure of the year was a brief sojourn in Washington where we joyous juniors wreaked havoc on the capital. Then the painstaking committee work was under way to convert the gym into an idyllic Hawaiian paradise for the Junior Prom.

The social activities did not overshadow more serious matters, however; as recognition for leadership and citizenship David Swanger was elected President of the N.J. State Student Council, and Katherine Spellman, Gladys Kleinatland, and Lisa Robinson represented M.H.S. at the annual Citizenship Institute.

No doubt the most triumphant and happily anticipated day of all came at the close of this abundant year when the seniors presented to us the hallowed senior stairs and we could traverse them without fear of dire retribution—being set on the water fountain. We were now the senior class.

The final year — the culmination of all aspirations and achievements came and went more quickly than seemed possible.

In the four years of our passing through, we matured, formulated ideals, and established individual goals. Beneath the superficial self-importance of seniors stirred a vague restlessness—the readiness to become part of an adult world

The pattern was now being completed. Class officers were elected and were again headed by Dave Rothschild. Coach Flynn was invaluable as class advisor.

Jimmy Tillet captained the football team through a wildly victorious season—good omen of things to come.

The talents of the entire class were expended to the fullest to make a success of the senior play, "Father of the Bride." Money from the sale of tickets assured the finances for the Senior Prom and the class yearbook. The yearbook, itself, major project of the year, began operations with Judy Gaebel and John Ong as editors-in-chief.

The class of '58 boasts several members honored for outstanding merit. Lynda Mawitt, Seth Many and Larry Smolowitz were honored scholastically as finalists in the National Merit Scholarship Program, and Lisa Robinson was elected DAR representative on a basis of outstanding citizenship.

Spring found us sporting our senior hats and thinking somewhat pensively of graduation while planning furiously for the long-awaited Senior Prom.

Thoughts vacillate from the plans for the years ahead to memories of the time now over. Emotions are confused, deep affection for the familiar is entangled with our eagerness to explore the future; but the all-pervading feeling is one of profound gratitude for what we have been taught here.

NICHOLAS ABATO

"Nick"

How you do it? 1958 Nick, one of our seniors who resides in Morris Township. He likes a good time in general, but can't seem to get used to getting up in the morning. After graduation, Nick plans to become a mason.

MARGIE ACKERSON

"Marge"

Marge joined M.H.S. in her sophomore year. Pizza and Pistilli's help please Marge, while eating and driving are her hobbies. Her likes are the Navy and driving, but gossiping and quiet people rate low. Marge plans to attend Berkeley Secretarial School.

NATHANIEL AIKEN

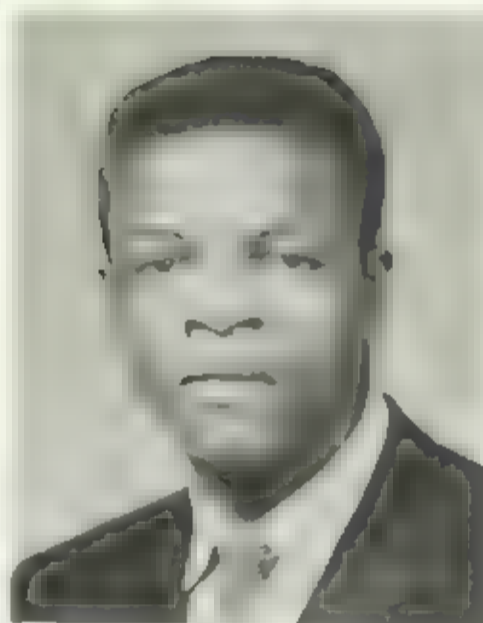

Aik

M.H.S. is proud to toast "Aik", who has been a part of M.H.S. since his freshman year. "What's happen, Pops?" is a favorite of "Aik's" along with girls, cars, singing and dancing. "Aik" is looking forward to business school and interior decorating after graduation.

PAUL L. ALLEN

PLA

Morris Township claims this popular senior. Paul joined the Class of '58 in his sophomore year. Girls and more girls are rated as tops on his list, but homework is strictly tabu. After graduation, the Air Force will claim Paul.

ROGER R. ALLEN

Roger is one of the quiet boys who has been with us since his sophomore year. He likes to travel but doesn't appreciate home work at all. The Air Force will claim Roger after graduation.

RONALD ANTONACCIO

Ronnie

"Ronnie", who hails from Morristown, enjoys summertime when the "livin' is easy", Frank Sinatra, and, of course, Italian food. He will attend business college after graduation. Although he dislikes loud mouths and rock 'n' roll, Ronnie says he is crazy about bowling.

RICHARD W. APGAR

Rich

Don't bug me, man! You guessed it, Rich is here! M.H.S. received this good natured senior in his freshman year from Mendham. He says he likes aircraft, rock 'n' roll, parties, and money; but somehow homework and Mondays "bug" him. You know what I mean? says Rich. He plans to join the Navy and make a career of it.

DONNA M. AUER

Bug

Pack a lunch," says "Bug", one of our sports loving seniors who hails from Morris Township. She really appreciates a certain black '56 Ford and is crazy over parties, but concerted boys and homework don't jive. Donna expects to be a secretary after graduation.

DAVID HAROLD AUSSIKER

Ozzie

This friendly senior came to us from Charlotte, North Carolina in his junior year. Ozzie enjoys hunting, fishing and fast cars. After graduation, he plans to join the Navy and then have a farm.

ELSIE G. BABBIT

'Elsie

"Delicious" introduces this cute little miss who comes from Morristown and came to M.H.S. in 1954. Movies and books rate high with "Elsie", but she has no use for gym and Wednesday evenings. After graduation "Elsie" plans to work in a telephone company and fulfill her ambition, namely, to live in Florida.

MARILYN ANN BACKSHALL

Coming to us from Morris Township, Marilyn rates Frank Sinatra, Italian food, and swimming as her favorites along with "That's sharp." Her plans for the future include going to art school.

BARBARA BARDET

'Barb'

Morris Plains claims this pert and party senior. She attended M.H.S. for four years. Berkeley School will claim "Barb" after graduation and we're sure her ambition of getting married will be fulfilled. Barb can usually be seen driving around town or yelling "Where's Gus?" Frank Sinatra rates high with her as do sports, but down with Elvis.

MARA BARENS

Chewing gum and gossip are the only things this amiable miss from Morris Plains dislikes. She is very enthusiastic about bowling, archery, and most of all—music. You may often hear her say, "How about that!" Mara plans to attend college and eventually become a doctor.

ARLENE GAIL BARON

Ar

A lively party with good music, hot pizza, and boys, and Ar is very happy. "No kidding" is her favorite saying, but she doesn't kid around with stuck-up people or carrots, for which she has no use. Coming to M.H.S. in her freshman year, Ar plans college and a teaching career after graduation.

THERESE MARIE BARRY

'Terry'

Morris Plains gave us this senior known as "Terry" who plans a secretarial career after graduation. She dislikes stuck-up people and rainy days, but roller skating, ice skating and weekends rate tops.

BARBARA JEAN BEATTIE

"Bobby"

This hard working member of the Student Finance Board takes active part in most sports. Some of Barbara's likes are field hockey, basketball, chocolate milkshakes, and square dancing. Her pet aversion is tests. To save money and become a good secretary are Barbara's two aims.

More than anything else she dislikes conceited boys; but give her a Marne, rock 'n' roll, and pizza and she's very happy. Her plans are to work and then marry, but her ambition right now is to get her driver's license

GORDON LESTER WILSON  
Gordon

"Wait'll next year!" can almost always be heard when you're around this avid sports fan who plans to play professional baseball with Philadelphia after graduation. When he's not rooting for the Phillies, "Gordon" can be found pursuing his hobbies of playing the tuba and tape recording

MARTHA G. WILSON  
M1

This gal, who enjoys being a senior and dislikes obnoxious underclassmen, plans to attend college and then get married. "M1" can be heard at any hour saying, "I'm starving," because one of her many hobbies is eating.

LINDA WYLLIE  
Lou

Whenever you hear "Pittsburgh," you can be sure that Linda is somewhere nearby. This pretty miss came to us from Mt Lebanon High School in her sophomore year. Linda's hobby is painting and her likes include Young Life and pizza, while her only dislike, oddly enough, is hot dogs. Linda plans to become a bilingual secretary.

MARJORIE MAY YONKER  
"Margie"

A teaching career ranks high in the plans of this senior who hails from New Vernon and whose favorite saying is "My heavens." "Margie" enjoys swimming and oil painting, but her very familiar gripes are math and homework

# CLASS WILL

## THE LAST WILL AND TESTAMENT OF THE CLASS OF 1958

We, being of sound (?) mind, declare this document to be our final will and testament for all eternity.

Walt Essbach leaves to M.H.S. sixth period study rights.

And C. J. Becker leaves the corridors so strangely quiet.

Dave Swanger, champion wrestler, leaves his talents in that sport to Mr. Swanger who just loves diversions of this sort.

Two girls, named Linda and Arlene, leave D. McD. in peace.

To Karen Mellinger, Bev Kesolits leaves her chemise.

Cecile Rothschild (despite her size, she's difficult to lose) has left to Vernelle Peterson her elevator shoes.

Because his car gives everyone who sees it such a fright, Pete Wilford leaves his charming "wreck" to junior Robie White.

To Mr. Rickmeyer (the storyteller's whom we mean), his classes leave a year's subscription to "True" Magazine.

And Gail McMaster leaves to Mr. Kolb (sir! if you please) those wonderful eighth period cafeteria memories.

Nat Aiken leaves his "greetings" and his "salutations" to that dear boy, Mr. Eisenhart, with an "ooh-pop-a-doo."

Bill Dickinson, who in the halls, makes little freshmen hustle, has left his monitor duty to someone else with muscles.

And Charlie Giersch, in leaving something surely didn't fail—his sparkling personality to Hoffman's Ginger Ale.

Dave Rothschild, whose enthusiasm is quite evident, leaves all his major worries to the next year's president.

And Peggy Stevens leaves the walk to school from her front door (that huge, gigantic, tiring journey) to Mary DeVore.

Doug Paget leaves his late slips to someone who's even later.

And Judy Gaebel leaves her apple cores on radiators.

We all know men prefer long hair (you mean you didn't know it?) Melinda M. is left then the coiffeur of Lynda Mowitt.

And Ronnie Krauth's huge math books go to someone who can read them.

And Larry Smolowitz's marks to those who really need them.

A giggle is bequeathed to Linda Patton by Bev Meeker.

And Lorna Trompen leaves an old, decrepit pair of sneakers.

H. Alan Hershey leaves the school in quite a frantic state.

And Leda Wermer leaves for California's Golden Gate.

To the entire junior class we leave the senior stairs and the exclusive right to clean them (freshmen! you beware).

To all our teachers through the years we leave the little thought that we've retained (?) all of the facts and knowledge that you've taught.

And so we sadly say "farewell" to ivy-covered walls, the physics lab, the locker room, and paper-covered halls, the study halls, assemblies, and the soggy football games; the joy that we experienced when our report cards came.

And now we leave behind us all those memories so fond—we also leave the happy thought that we have finally gone.

SPORTS

## Football

September first, prologue to a nearly unbeaten season . . . got off to a tremendous start at the Butler game . . . we won't mention Union

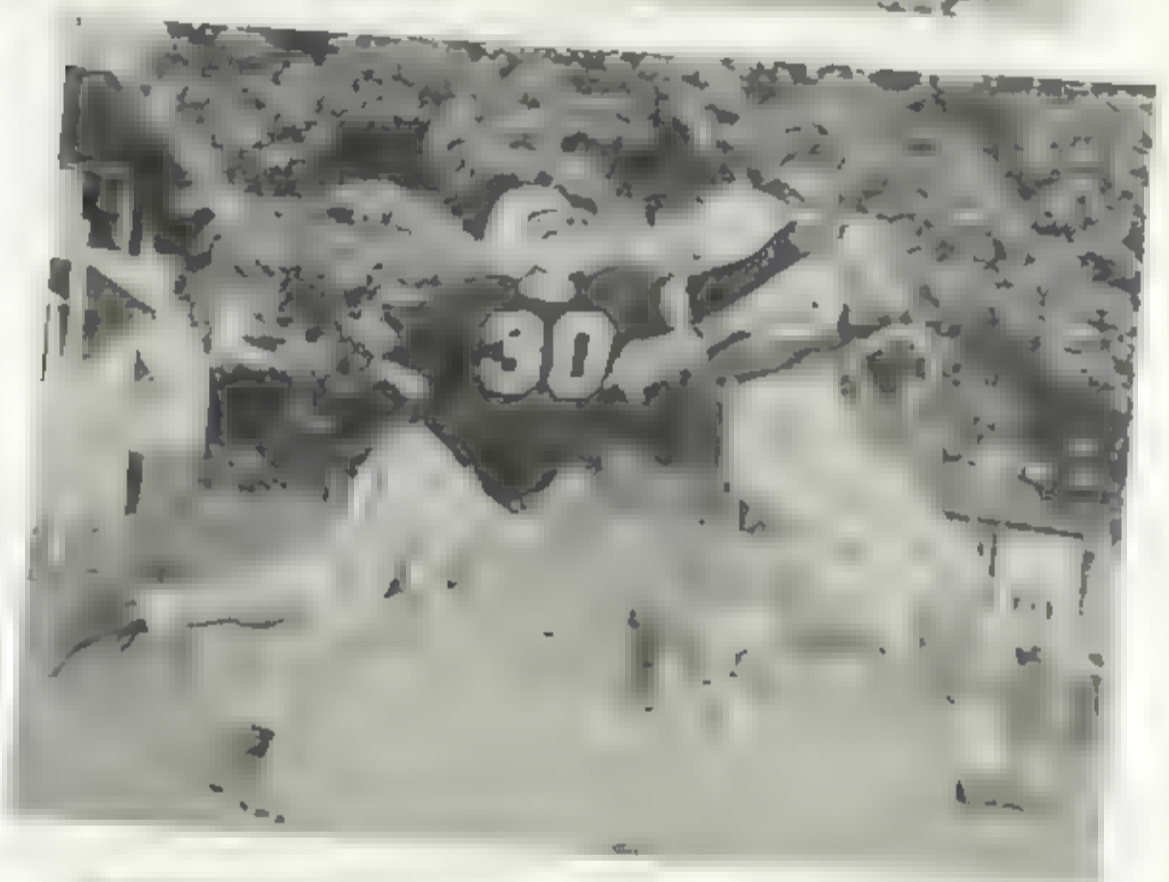

synchronization of smashing ground attacks and breathtaking aerial feats enabled the fabulous season to progress so favorably for the Moroon and White . . . Jim Ellison more than adequately filled the spot of the departed Babe Davis at fullback, with his spectacular end sweeps, often scoring those all-important T.D.'s

. . . coupled with Captain Jim Tillet's heaves down the field to senior Nat Aiken and all-state nominee Jim Winston, the squad showed great spirit, and the ability to fight and WIN! . . . we salute Steve Wall, whose chances in calling the signals and quick thinking usually paid off we leave Bob Maillard, Jim Ellison, and Earl Moore to form a rugged backfield for next year's squad . . . Lew Jaffe, Bob Conover, little Gene Terreri, big Bob McCafferey, and John Thompson were outstanding throughout the season . . . and then Dover! . . . Tillet's unbelievable 50-yard pass . . . collapsing snow fences

mud to the players' knees, and blinding rain . . . the M.H.S. squad rolled up the best victory ever on Thanksgiving Day . . . our sincere gratitude to Coach Flynn and his assistants for guiding the team through such a tremendous season!
